

# **PERSONAL OBJECTIVES AND EVALUATION PLANNER**

## **INTRODUCTION**

From the start of this course we have been talking about objectives and their importance in helping us establish and accomplish our vision for life. You have learned how to write good objectives which can guide you and help you evaluate yourself.

In lesson 2/2 you wrote objectives for your relationship to God and for your ministry outreach to lost people. In this lesson I would like to suggest that if you are going to live a well balanced Christian life, there are at least twelve areas that you need to have objectives for. These objectives need to be written down on the Personal Objectives and Evaluation Planner. The twelve lifestyle areas you will write objectives for include: Life Objective, Scripture Memory, Bible Reading, Bible Study, Prayer, Witnessing, Follow-Up, Exercise & Diet, Family, Career / Job, Church, and Stewardship.

Use this form to begin formulating these twelve life objectives and work to accomplish these objectives while you do Book 3A & 3B. At the end of Book 3 you will be asked to illustrate these twelve areas of your life. To begin, only use the Objective lines on the form to establish your objectives. At the end of Book 3 you will use the other four evaluation sections to do the actual evaluation of each of these twelve areas of your life.
